Education

Bachelor of Technology, Computer Science & Engineering 2025 – 2029
Shri Ramswaroop Memorial College of Engineering & Management, AKTU *Lucknow, India*

Technical Skills

Languages: Python, JavaScript, TypeScript, SQL, HTML5, CSS3
Frontend & Frameworks: React.js, Next.js, Tailwind CSS, Streamlit, REST APIs
AI & Machine Learning: Gemini 1.5 Pro API, Vertex AI, TensorFlow, LLM Integration, Prompt Engineering, Agentic AI
Cloud & DevOps: Google Cloud Platform (Cloud Run, Cloud Logging), Microsoft Azure (AZ-900), Firebase, Git
Tools: Tableau, Excel, Google Maps Platform, Meta Ads Manager, Google Business Profile
Cybersecurity: Ethical Hacking, Information Security, OSINT, Open Source Development (FOSS)

Experience

Software Development Intern Jun 2026 – Aug 2026
IBM *Lucknow, Uttar Pradesh (Hybrid)*

- Developed a full-stack AI-powered smart resume screening and candidate ranking web application; built a responsive Next.js frontend and a Python backend with document parsing pipelines for PDF/DOCX resumes.
- Engineered a matching algorithm that evaluates candidate profiles against job descriptions, generating ranked shortlists and match scores to streamline recruiter workflows by an estimated 40%.
- Designed an interactive recruiter dashboard in Next.js enabling real-time file uploads, analytical insights, and candidate evaluation management.

Founder & Technical Lead Apr 2025 – Present
WINGS – Digital Transformation & Media Management *Lucknow, Uttar Pradesh*

- Founded and scaled a 5-person agency to profitability, acquiring clients through AI automation pipelines, full-stack website development, and performance-driven Meta Ads campaigns.
- Reduced client content production turnaround by 60% via AI-driven workflows; managed Google Business Profile optimization across 3+ client accounts.

Google Student Ambassador Jul 2026 – Present
Google *Lucknow, Uttar Pradesh*

- Selected as official campus representative for Google, bridging the student community with Google's developer ecosystem, products, and programs.

Data Analytics Job Simulation Jun 2026
Deloitte Australia (via Forage) *Remote*

- Completed forensic data analysis simulation; built a Tableau dashboard to visualize business insights and used Excel to classify datasets and derive data-driven conclusions.

Projects

CafeQ – Campus Food Pre-Order App | *Next.js, React, Tailwind CSS, Firebase* | GitHub 2025

- Built a full-stack progressive web app for the Nescafe kiosk at SRM college, enabling students to pre-order food and drinks online with integrated payment processing, eliminating queue wait times on campus.

VibeFlow AI – Stadium Event Concierge | *Gemini 1.5 Pro, Firebase, Google Maps API, GCP* 2024

- Built for Hack2Skill x Google PromptWar; multimodal AI agent processing ticket/sign images via Gemini Vision for real-time crowd routing, geofencing food queue management, and WCAG-aligned audio descriptions.

Interview Mate – AI Mock Interview Agent | *Python, Gemini API, Streamlit* 2024

- Conversational AI agent generating role-specific interview questions via Gemini API and delivering structured, criterion-based feedback, reducing interview preparation time by an estimated 50%.

Web Development Portfolio | *HTML5, CSS3, JavaScript, React.js* 2023 – 2024

- Delivered 5+ responsive client and personal projects including a Zomato food-delivery clone, gym membership site, and multiple business websites, applying UI/UX best practices throughout.

Certifications

Google Data Analytics Professional Certificate (Coursera, 2024) · **Microsoft Certified: Azure Fundamentals AZ-900** (2024) · **Deloitte Australia Data Analytics Simulation** (Forage, 2026) · **Ethical Hacking Essentials – EHE** (EC-Council) · **Fundamentals of Digital Marketing** (Google) · **Information Security Education Awareness** (MeitY, Govt. of India)

Achievements & Community

Google PromptWar: Shipped 2 production-deployed AI apps in Google for Developers global build challenges, competing worldwide. **Events:** *AI Beyond Apps* (Tekents); *Product Builders Day* (GDG Lucknow); shortlisted for *AMD Slingshot*; GDG DevFest & TFUG AI Day. **Community:** GDG Lucknow, TFUG, Google Cloud Community, NVIDIA Developer Community.
